

# SUB-NATIONAL MULTI-ACTOR ADAPTATION ACTION TO INFORM NATIONAL ADAPTATION PLANS (NAPs)

On behalf of [Climate Chance](#), the [Universal Versatile Society](#), the [DIN German Institute for Standardization](#) and the [Iuav University of Venice](#), we are pleased to invite you to our upcoming event at COP29 in Baku.

**DATE:** 11 November, 2024

**TIME:** 18:30 - 20:00 (Local time)

**LOCATION:** Room Side-event 6, Blue Zone

## FOREWORD:

- **Sara Aminzadeh**, California's Deputy Secretary of Natural Resources
- **Christoph Winterhalter**, Chief Executive Officer DIN, Vice President Policy ISO
- **Nicola Tollin**, UNESCO Chair on Urban Resilience, University of Southern Denmark

## PANEL:

- **Anne Barre**, Board Member, Climate Chance & Coordinator of Climate and Gender, WECF
- **Josko Klisovic**, President of the Zagreb City Assembly
- **Carlo Federico Dall'Omo**, Research Manager at Iuav University of Venice
- **Vikrant Srivastava**, Lead for Earth and UV Society
- **Manav Khanna**, Researcher, Sant'Anna University
- **Vittore Negretto**, Research manager, Iuav University of Venice (Moderator)

## ABOUT:

Adaptation gaps are reported yearly in the integration of National Adaptation Plans and sub-national adaptation plans due to vertical coordination and limited involvement of key decision-makers. This event will explore bottom-up integration solutions focusing on indicators, locally-led actions, decision-maker involvement and standardization.

## AREAS OF DISCUSSION:

- Community-based climate adaptation projects in India through cross-sector collaboration
- Technical standardization to support National Adaptation Plans for the example of Germany
- The role of cities in regions in shaping (inter)national adaptation plans
- Locally-led and gender-inclusive adaptation: recommendations from the [Liege Declaration](#)
