The Climate Chance Association, the CODATU Association, and the Urban Mobility Authority in Greater Abidjan (AMUGA) are organizing the **International Conference on Sustainable Mobility and Climate** (#CIMDC2026), which will be held from **October 19 to 21, 2026** in Abidjan, Côte d'Ivoire.

In this context, we are launching a call for contributions to select projects focused on climate action, which will be presented at the **Pitch Corner** of the Conference, a dedicated space at the heart of the event.

The selected projects will have **10 to 15 minutes to share their initiative**, with a **direct visibility to public and private stakeholders** involved in climate and sustainable mobility in Africa.

Submit your project here before September 16!

Why Participate?

- **Increased Visibility:** Benefit from the reach of the conference and the Climate Chance network to showcase your innovations at CIMDC 2026, as well as through our newsletters, dedicated materials, and media outlets.
 - **Experience Sharing:** Engage and mobilize stakeholders around your project with enriching exchanges involving more than 1,500 participants committed to the climate.
 - **Networking & Connections:** Take advantage of facilitated and privileged connections with companies, international funders, as well as elected officials and local authorities.
 - **Cartography of Action :** At the end of the conference, join the Climate Chance [database of pro-climate initiatives](#) in Africa and Europe.
-

Eligibility Requirements :

- **Be a non-state actor:** local governments and communities, companies, associations, labor unions, professional federations, nongovernmental organizations, scientific institutions, investors, actors engaged in sustainable and inclusive mobility as well as climate action in African cities, youth and women's organizations, stakeholders in the transportation sector, etc.
- Submit a project whose activities take place on the **African continent**.
- Have an innovative project, **one that can be replicated on a larger scale**, currently addressing one of the following themes:
 - **Urban adaptation, resilience of cities and regions**
 - **Mitigation and energy transition**
 - **Biodiversity: innovative financing, gender, nature-based solutions, ecological corridors.**

Please note: Participants selected for the Pitch Corner are responsible for registering for the International Conference on Sustainable Mobility and Climate, as well as for their own travel and lodging expenses.
